Feed SUCRENE

The Open Formula Dairy Feed

Sucrene Dairy is an Open Formula Dairy Ration. That is, you are told "pound for pound" just what is in this ration. Because of Sucrene Dairy being an Open Formula Ration, it is possible for any Cow Tester or Dairyman to determine cost of each pound of digestible nutrients or digestible protein. As it is

digestible nutrients and digestible protein that the dairyman buy in any dairy feed, the advantage in an Open Formula Ready-Mixed dairy ration can be seen. Sucrene Dairy with alfalfa or clover hay makes an ideal ration to feed straight. This ration is strong in Corn Distiller's Dried Grains, the finest protein you can feed a cow for large milk yield.

Menus for a Family

Breakfast: Halves of grapefruit, fish hash, corn bread, maple syrup, milk, coffee.

Luncheon—Macaroni in ramikins, health bread and butter, mock cherry pie, milk, tea.
Dinner: Peas with butter, tomato soup, watercress salad, canned peaches, sponge cake, milk, coffee, whole wheat rolls.

The filling of the mock cherry pie can be given to four-year-old children, but they should not have the pastry. However, there are more indigestible foods than well baked, not-too-short pie crust. The food value of pie crust is practically nil, so there is no nourishment gained by its consumption.

Macaroni in Ramikins
Two cups boiled macaroni, 1-1/2 cups milk, 1 tablespoon peanut butter, 1 teaspoon salt. Put macaroni in well buttered ramikins, filling them about half full. Heat milk over hot water. Add a little at a time to the peanut butter, stirring until a thin paste is formed. Stir thinned peanut butter into scalded milk, add salt and mix thoroughly. Pour milk over macaroni, cover with coarse crumbs and dot with bits of butter.

NEW YORK, March 18.—
Stock prices rallied briskly in to-
day's early trading in apparent
disregard of the St. Paul re-
versal, but turned down
weakly again toward the close
when selling pressure was ex-
erted against the standard calls and
industrial, sending many of the
new low price for the year.Total sales again crossed the two
million share mark, the advance of
1-1/2 points in the last few
minutes of trading resulting in a
delay of 15 minutes in the record-
ing of the last quotation on the
official ticker.Opening calls ran from one to
five points in most of the active
issues. This early buying ap-
parently was based on the specu-
lative belief that the St. Paul had been
discounted. Other sharp rally-
ings included a reduction in call-
ing price, a sharp rally in
grain prices and the production
of record, brought our leading
farmers to the west end. 3-17-25Toward midday, when a be-
came apparent that the rally had
been a mere "heat" operation, in-
stead of a genuine buying opera-
tion, the pressure on the St. Paul
again enabled it to go back to
pegs. And an American wood-
stock, which was hammered down
more than four points to 37, the
lowest price in about nine years.Steel shares were then subject
of an attack. The S. S. Steel com-
mon, which had sold as high as 22 1/2,
dropped to 21, and the S. S. Steel
preferred, which had been at 21, fell
to 20. The S. S. Steel common
pressed to a new low record for
the year at 11 1/2, and then rally-
ing to 12, where it was trading
at the close.Bethlehem dropped more than
two points to a new low at 20 1/2,
and then rallied to 19 1/2.Republic, Inland and Gulf
States all had two to five point
advances, though the minimum gain
was for the year.While the St. Paul situation is
generally regarded as an isolated
one and not necessarily synchro-
nized with the other stocks,
heavy selling of some of the other
traders resulted.Northwestern dropped
more than two points to a new
low at 52 1/2 and losses of a point or
more were recorded by Great
Northern preferred, Chicago &
Great Western preferred, Chicago
S. North preferred and Pullman
common while Atchafalpa, Northern
Pacific, Union Pacific and a few
others traded marginally.CHICAGO LIVESTOCK

HUGH GREEN NAMED JUDGE ADVOCATE

Is New Legal Adviser for Morgan County American Legion.

Announcement was made yesterday that State's Attorney Hugh Green has been appointed judge advocate of the Morgan county organization of the American Legion. The county Legion was organized recently with Grant L. Hughes as chairman.

The office of judge advocate carries with it a certain amount of responsibility since all legal affairs of the Legion in the county are handled by this official.

Aside from the responsibilities that the office carries with it, a broad knowledge of the American Legion and its affairs is necessary and it is with the knowledge that Mr. Green possesses all of the necessary qualifications that the appointment has been made.

That Attorney Green is thoroughly familiar with the American Legion may be seen when it is known in what capacities he has served the Legion in past years.

The state's attorney is a charter member of the Jacksonville post and has held offices in the organization since 1920. He also was chairman of the committee that framed the by-laws for the local organization.

In 1920 State's Attorney Green was elected War Risk officer of the Jacksonville post and in 1921 was elected a member of the board of directors and also served on the executive committee. In 1922 he was again elected War Risk officer and in 1923 was named a member of the board of directors.

Mr. Green was recent War Risk officer in 1924 and was elected president of the American Legion Home Association of Jacksonville and served as a member of the Memorial Home committee.
